Hi Rod -- and Helen,

Helen and I have been speaking and find that you and I are both working on the same request -- RI/FS for an Anna Chin? I have this FOIA request --

FOIA 019-09 - Pasco Landfill.pdf

I have not spoken with the requestor -- sound like you may already be meeting her need. If not, I can handle the request under FOIA.

Since you and Helen had just asked about the Site File in the Records Center, I went and took a look. I understand that you phoned the Records Center and learned that there was no site file here? That is wrong. There is one here -- in paper only -- no Indexing of individual documents. Based on the Table of Contents for the Site File, it looks as though the Site File ends at the Investigation Stage. Stop by and see it sometime; and do let me know if you see a need to have the documents Indexed and Scanned. Here is the Site File Table of Contents:

EPA's Envirofacts shows this:

The Superfund Profile Page shows:
